WYOMING TAXPAYERS ASSOCIATION EXEMPTION CRITERIA

- Is there a justified need for the exemption and is it fiscally prudent?
- WHAT DOES WYOMING GAIN?
 - Are the jobs meaningful and wages sufficient to support discretionary spending?
 - Are there ancillary businesses/industry that will emerge due to the location of the new industry? What benefits are associated with the ancillary development?
 - Does the exemption result in new jobs for Wyoming residents and/or bring new people to the state?
 - Are salaries sufficient to create new sales tax revenue through discretionary spending?
- Does the absence of the exemption hurt Wyoming's tax base?
- Does the industry in Question currently provide a meaningful Tax stream for Wyoming and or the county in which it operates?
 - Do existing Wyoming products become less competitive in the marketplace in the absence of the exemption?
 - Does Wyoming lose jobs in the absence of the exemption?
 - Can state and local government operate in a fiscal and prudent manner without the income associated with the exemption?
- DOES THE EXEMPTION CREATE EQUAL AND UNIFORM TAX LIABILITIES/BENEFITS UPON SIMILARLY SITUATED TAXPAYERS?
 - Does the exemption disadvantage one taxpayer over another?
- Does the exemption result in expansion of the state and or county's tax base?
 - o If the exemption is for a new industry sector, what taxes will the new industry pay?
 - O How do the new taxes compare to the amount of the exemption?
- Do tax burdens (i.e. education/local services) outweigh the tax contribution?
- Is the exemption stable and predictable?
- Is the exemption visible, accountable and auditable?
- How will the benefits of the exemption be measured and who has accountability for documenting the benefits?
 - O What reporting is required?
 - What provisions are in place to rescind the exemption if the projected benefits are not achieved? Sunset provisions? Claw back provisions?
