

**WYOMING**  
**PROPERTY TAXATION**

**2022**

## FROM THE EXECUTIVE DIRECTOR

The Wyoming Taxpayers Association is pleased to provide **Wyoming Property Taxation 2022**, a detailed guide to property taxation in Wyoming. Inside you will find the tax base and tax rates for school districts, counties, cities, towns, and special districts levying property taxes.

It is important to remember that the assessed values as reported reflect the 2021

collections based on 2020 production/valuation. This year's report showcases the impact of COVID and the revenue shortfalls from the lack of mineral production in calendar year 2020. If you analyze the changes, the volatility of Wyoming's property tax structure is revealed.

If you have any questions about the data in this book, please feel free to contact us directly at [wytax@wytax.org](mailto:wytax@wytax.org). Ultimately we hope this provides an education on Wyoming's complex tax structure leading to effective decision making for sound tax policy.

Sincerely,

A handwritten signature in black ink that reads "Ashley Harpstreith".

**RESEARCH. EDUCATE. ADVOCATE.** Since 1937, the Wyoming Taxpayers Association (WTA) has been educating and informing its members and the public about sound fiscal policy; providing state and local policymakers with unbiased analysis of public expenditures and taxation; and promoting efficient and effective government through a wide dissemination of reports and analysis. WTA members represent a broad spectrum of Wyoming's economy including, but not limited to, farmers, ranchers, mineral producers, pipelines, banks, railroads, hotels and motels, transportation companies, and of course, the individual taxpayer. Everything WTA does centers on its mission of **advocating sound tax policy for a healthy Wyoming economy.**

Wyoming Taxpayers Association is located in Suite 203 of the Cheyenne Regional Airport Historic Terminal Building. The Wyoming Taxpayers Association cordially thanks Wyoming Department of Revenue, Wyoming State Board of Equalization, and Wyoming Department of Audit for their assistance in preparing this publication.

# THE CORNERSTONES OF TAXATION

WYOMING TAXPAYERS ASSOCIATION

*Since 1937, the Wyoming Taxpayers Association has provided the essential non-partisan connection and information source for Wyoming taxpayers and policymakers. Tried and true, the Wyoming Taxpayers Association is one of the oldest of its kind in the country, extremely effective, and credible. Wyoming Taxpayers Association research is guided by the Cornerstones of Taxation, which serve as touchstones for policymakers and taxpayers throughout Wyoming.*

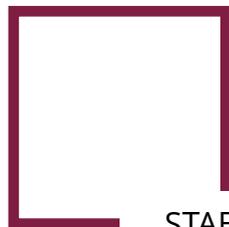

## JUSTIFIED

- Is there a specific need for the tax and is it fiscally prudent?
- Are existing government funds spent efficiently before considering a new tax?
- Is the primary goal of the tax to generate revenue or does it modify behavior or influence policy?

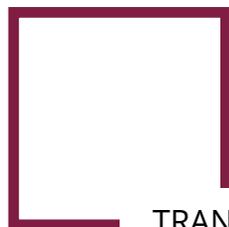

## EQUITABLE

- Does the tax impose equal and uniform liabilities upon similarly situated taxpayers?
- Is the tax constitutional?
- Does the tax disadvantage one taxpayer over another?
- Will the tax distort economic behavior?

## STABLE

- Does the tax provide a reliable revenue stream?
- Is the tax predictable in application for the taxpayer?
- Is the tax broad-based to limit volatility?
- Does the tax result in diversification in taxation?

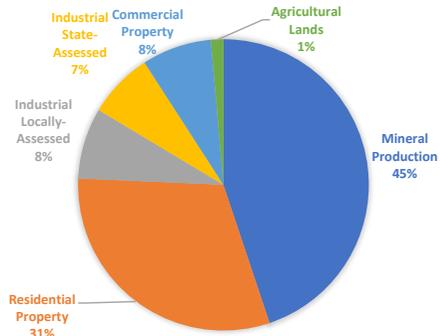

## TRANSPARENT

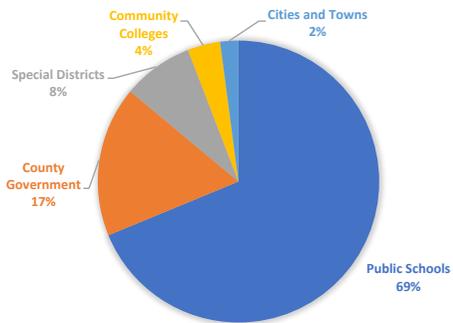

- Is the tax visible, accountable, and auditable?
- Is the tax easy to understand, administer, and cost effective to collect?

# INTRODUCTION TO DETAILED 2021 MILL LEVIES

The School Foundation Fund and the mandatory county levies are fixed by law at 12 and 6 mills, respectively. They are combined in one column for ease of reading. The breakdown for county levies is shown in the first section so the reader will be able to more readily determine the increases or decreases reflected in the county levies. The first section also includes special district levies that apply uniformly to all property within each school district. The second section shows additional levies that apply to property depending on its location within the county. Also included in the second section are the special districts that are levied less than countywide. In order to determine the breakdown of total mill levy on property, it may be necessary to determine from the county assessor those special districts listed that apply to a particular location.

## SCHOOL DISTRICTS

All school districts in Wyoming are unified and serve K-12. There may be more than one school district in the county, and districts cross county lines in some cases.

## ASSESSED VALUATION

The figures for each school district are for the entire school district including cities, towns, and special districts. The combined assessed valuation of school districts and portions of districts within a county will total that county's assessed valuation.

## SCHOOL DISTRICT LEVIES

### District (25 mills mandatory)

All school districts are required to impose a 25-mill levy counted as a local resource toward meeting a district's operational funding level guaranteed by the state. A district is subject to recapture if this levy, combined with other local resources, generates more than the state guarantee.

### State Foundation Fund (12 mills mandatory)

This levy is collected from all counties and remitted to the state where it is distributed to school districts based on a foundation formula. Money recaptured from districts is also added to this fund for redistribution. A district whose local resources exceed 100 percent of its guarantee must refund the amount over 100 percent to the state for redistribution to poorer districts.

### County Levy (6 mills mandatory)

All counties are required to impose a 6-mill levy for school support. County treasurers disburse tax receipts from this source back to school districts within the county according to a formula calculated by the state Department of Education based on district average daily membership. Since this 6-mill mandatory levy applies to all property in each county, it is listed in the following tables as combined with the state Foundation Fund levy of 12 mills giving a total of 18 mills.

### Other School District Levies:

*Adult Education:* 2.5-mill limit; *Board of Cooperative Educational Services program:* 2.5-mill limit; *Building Fund:* the number of mills necessary to fund the program; *Recreation:* 1-mill limit (listed under Special Districts in this publication)

### Bonds and Interest

Levies made to pay principal and interest for bonded indebtedness are shown in this column. There is no limit on the levy, but a district operating either an elementary school or a secondary school is limited to 6 percent of the assessed valuation for bonded debt. A district with both elementary and secondary schools is limited to 10 percent of the assessed valuation for bonded indebtedness.

## COMMUNITY COLLEGE LEVIES (10-mill limitation)

Community college districts may levy up to 10 mills for operations. The colleges initially may levy up to 4 mills with the approval of district voters. State aid is contingent on a college levying the 4-mill maximum. After the initial 4 mills are reached, colleges may levy up to an additional 6 mills (1 mill with Board approval, and up to 5 additional with district voter approval). Levies for bonded indebtedness are in addition to the 10-mill limit; voter approval is required. Total debt is limited to 4 percent of district valuation.

## COUNTY LEVIES (12-mill limitation)

Counties are limited to a maximum of 12 mills for county operations. Levies for bond redemption and interest payments are in addition to the 12-mill maximum. Counties may specify that funding for certain programs be guaranteed by a specific levy so long as the total levy does not exceed 12 mills. Levies for principal and interest on voter-approved bonded debt are in addition to the county 12-mill limit.

## CITY AND TOWN LEVIES (8-mill limitation)

Cities and towns must operate within an 8-mill constitutional limit. The city mill levy is in addition to other levies. Municipalities within a fire district must contribute the amount of the fire district levy from their 8-mill limit. Levies for principal and interest on voter-approved bonded debt are in addition to the city and town 8-mill limit.

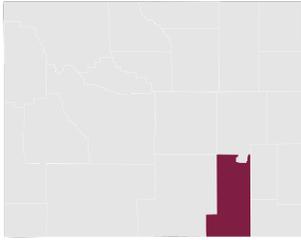

# HOW TAX AMOUNTS ARE DERIVED

The following classes of property and the percent of fair market value of property assessed for property tax are specified by Wyoming law:

- (1) Gross value of minerals and mine products: **100%**.
- (2) Property used for industrial purposes, defined as: the property of pipeline companies, electric utilities, railroad companies, car companies, telephone and telegraph companies, other public utilities; and those properties used or held for use for manufacturing, milling, converting, producing, processing or fabricating materials; the extraction or processing of minerals; the mechanical, chemical or electronic transformation of property into new products: **11.5%**.
- (3) All other property, real and personal: **9.5%**.

The assessed value is multiplied by the amount of mill levy that applies for the location of the property to get the amount of property tax due. One mill is \$.001 (1/1000 of a dollar).

# SPECIAL DISTRICT LEVIES

These levies are shown in two different ways on the county chart. Those that are countywide, such as weed and pest, are shown in the first section; those that are less than countywide are shown in the second section under Special Districts. These property tax levies are made by special purpose districts as the result of voter approval for a myriad of purposes within statutory limitations. Voter-approved debt is in addition to the limits shown here.

**NOTE:** There are eight special districts without the ability to levy a mill. Those districts are Drainage, Joint Irrigation, Livestock, Local Improvement and Service (Public Utilities), Predatory Animal Control, Public Irrigation and Power, Public Recreation and Playgrounds, and Watershed Improvement. Some special districts are formed under the “umbrella” of another authority with the ability to levy. For example:

- Watershed Improvements formed under the umbrella of Conservation Districts
- Public Recreation and Playgrounds formed under School Districts

These, on their own, do not appear on aggregate tax district maps. In total, **805 special districts exist in Wyoming.**

# CEMETERY DISTRICTS

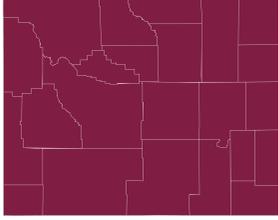

*Cemetery special districts provide and maintain cemeteries and are required to keep them to a uniform standard across their district. Cities and towns in cemetery special districts are not allowed to run their own cemeteries, so the special district is the sole provider in the areas they exist. Their powers are provided for under W.S. 35-8-303 and limited to a 3 mill levy under W.S. 35-8-314.*

# CONSERVATION DISTRICTS

Conservation special districts perform surveys and research on range management, erosion, floods and the preservation of water and the works projects needed in an area. They also conduct regular demonstrations of techniques in these areas to help area businesses improve their use of resources. They regularly produce plans for future conservation efforts and are limited to 1 mill per every dollar assessed levy under W.S. 11-16-133. Their powers are provided for under W.S. 11-16-122.

## VETERAN'S PROPERTY TAX EXEMPTION PROGRAM

### DESCRIPTION

This exemption was intended to serve a public purpose and show gratitude of the people for services rendered by veterans. It reduces the assessed value of the primary home and/or vehicle by \$3,000 (thus reducing property taxes). The veteran and his or her spouse must be listed as the owner of the property, or the purchaser on a valid contract for deed filed with the county clerk. The property can be the subject of a trust, when the veteran and/or spouse are listed as the owner of the property. Sworn claims must be filed annually with the county assessor after January 1 or before the fourth Monday in May. The state reimburses the tax entities for revenue losses. The exemption may be claimed in not more than one county in the state. The Veteran's Property Tax Exemption Program is funded by the State General Fund.

### WHO QUALIFIES

- Any honorably discharged veteran of WWI, WWII, Korea, or Vietnam.
- An honorably discharged veteran who was awarded the armed forces expeditionary medal or other authorized service or campaign medal indicating service in any armed conflict in a foreign country, and who has been a Wyoming resident for at least three years and is the owner of the principle residence/vehicle.
- The surviving spouse of a qualified veteran, so long as they reside in Wyoming, has not remarried, and is listed as the owner of the principle residence/vehicle.
- A disabled, honorably discharged veteran with a compensable service connected disability certified by the VA or branch of the US armed forces. See statutes (W.S. 39-13-105) and rules (Chapter 14 – Section 17, Department of Revenue Rules) for more information.
